MOHIT SAINI

Frontend Developer

Frontend Developer specializing in React.js, Next.js, TypeScript, and Tailwind CSS, focused on building performant, scalable, and user-centric web experiences.

EXPERIENCE

Frontend Developer Intern at SpeedVitals (11th Dec 2024 - 11th Nov 2024)

Weekly-Digest (Email Templates)

Developed responsive email templates for Weekly-Digest with a strong focus on layout consistency, readability, and cross-client compatibility. Overcame CSS limitations in email clients by experimenting with different styling approaches and extensively exploring Handlebars for dynamic content rendering, ensuring reliable and visually consistent templates across platforms.

Website Ranker

Fully developed the Website Ranker application using Svelte, enabling users to quickly evaluate global website performance through Core Web Vitals (LCP, CLS, INP). Transformed complex performance metrics into simple, actionable scores, making performance insights accessible to both technical and non-technical users.

Real User Monitoring (RUM)

Contributed to a Real User Monitoring (RUM) system built with React.js, focusing on tracking real-time user interactions and performance data. Assisted in identifying performance bottlenecks, analyzing user behavior, and improving overall application reliability using TypeScript and Tailwind CSS.

ACHIEVEMENTS

Successfully completed Hacktoberfest 2023 by contributing to various open-source projects, demonstrating a commitment to collaborative development and community engagement.

SKILLS

React, Next.js, TypeScript, JavaScript, Svelte, Node.js, Express.js, MongoDB, Git, Figma

EDUCATION

IP DEGREE COLLEGE CAMPUS II (2025)
Bachelor of Computer Applications

MOHTER ACADEMY KHURJA
Class 12th (2022)
Percentage - 75%

Class 10th (2020)
Percentage - 82%
